

DBIS 604
Assignment 2: Entity Relationship Diagram

Assume you want to create the database for the activities in your daily life.

1. Explain the activities story from your group opinion
2. Write all the BUSINESS RULES that reflect your story
3. Draw the ERD SEGMENT according to each BUSINESS RULE
4. Identify the business requirements based on the stored data → decision making การนำข้อมูลไปใช้เพื่อตัดสินใจ
5. Complete your entity by putting all related attributes to answer all business requirements
6. Give the relationship for all entities. → เชื่อม ERD segment ทั้งหมดให้เป็นภาพเดียว

Due : Thursday 28 August until midnight via suree@sit.kmutt.ac.th
